

## **Favour**

I'm not used to hear that  
these things are making me sad  
when you tell me  
that I'm not so perfect  
when you tell me  
about my own mistakes

I didn't appreciate it  
cause I didn't recognize favour  
when you told me  
that I'm not so perfect  
when you told me  
about my own mistakes
