

## Weaknesses

Oh my little weaknesses  
for me it's really hard to see  
don't even know how easy it is  
for you to give lesson to me

i though that I'm strong  
now i know that was wrong  
you know it took me long  
you know it took me long

Ref:  
You know I'm not stronger than another poeple  
and I realize without you I'm nothing at all  
2x

Thank you for forgivenesses  
thank you for your gifts  
thank you for all these undeserved things  
thank you for letting me live
