

Why are you knocking

Please keep your door closed to me
I'll keep my door closed to you
we can live our lives happily
just keep the door closed

I want to ask you something now
because I'm curious
why

Why are you knocking..
knocking on this door
when you need nothing and you don't
want to come in anymore

Bridge:

Why are you knocking
when you're the one who closed them
you wanted to leave
you're the one who chose that
now you're coming back to me?
coming back to me?

Please keep your door closed to me
I'll my door closed to you
we can live our lives happily
just keep the door closed
I want to ask you something now
because I'm curious
